

*Welcome to the Woman God Can Bless Revolution!*

It is time for women of God to rally behind a common purpose: to seriously band together in our quest to live like we really mean it! We really do love God and we really do want to be positioned in a place where God's blessings are being poured on us as His daughters. *A Woman God Can Bless* is that rallying place. In it, Elliott challenges God's women to live for Him in the practical areas of life, asking us to reexamine how we communicate, how we practice honesty, and how we handle anger, among other concerns. As women begin to walk out the Gospel in everyday areas of life, the world will see God as He wants to be seen. He will get glory and people will want to know Him.
